The diagram illustrates a file dependency structure. At the top is a gray box representing a header file: `H:/MEI/sistemas inteligentes /tp2/SI_CODE/include/Viewer.h`. Below it are two white boxes representing source files. The left box is `H:/MEI/sistemas inteligentes /tp2/SI_CODE/pcd_read.cpp` and the right box is `H:/MEI/sistemas inteligentes /tp2/SI_CODE/src/Viewer.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
